

HVPOA Policy:
No Parking on sides of road within
Horizon Village circles / cul-de-sacs

Approved by HVPOA Board on January 8, 2017

Parking is not permitted along the circle / cul-de-sac roadways within Horizons Village. The Wintergreen Fire and Rescue Department made this recommendation to allow faster response time for emergency vehicles (fire trucks and ambulances).

Specifically, parking is not permitted on the roadway at :

- the circle at the end of Bob Cat Trail;
- the circle at the end of Treehouse Place;
- the circle at the end of Mountain Field Trail; and,
- the circles at either end of Old Turtle Place.

It is recommended that residents park along the edge of the roads that lead up to the circles, leaving ample room for emergency vehicles to pass the parked vehicle.
